

1.2.1:

The summary report of each program year- wise along with their outcome

Sahayog Sevabhavi Sanstha's
INDIRA COLLEGE OF PHARMACY
Vishnupuri, Nanded – 431606. Dist. Nanded (Maharashtra)

Ref.: SSSICOP/

Date:

CURRICULUM PLANNED

Name of event: Certificate Programme on Research Design & Excursion
Publication

Date: 01/01/18 to 16/01/18

Duration: (32hrs)

Objective Planned:

- To reduce inaccuracy.
- To help to get maximum efficiency and reliability.
- To learn about how to reduce uncertainty, confusion and practical hazards related to any research problem.
- Helpful to students for collecting research materials.
- Helpful to students for testing of hypothesis.

Assessment Procedure

1. 75% of attendance is must for attending final assessment test.
2. Assessment test will have 20 MCQs. Each MCQ carries 1 mark and total marks are 20.
3. Those who secure more than or equal to 40% marks clear the exam and provide with certificate.

Date:

CURRICULUM PLANNED

Name of event: Certificate Programme on Pharmaceutical Analysis and Drug Development

Date: 03/01/2018 to 17/01/2018.

Duration: (30hrs)

Objective Planned:

- To familiarize student with the fundamental concepts of Pharmaceutical Analysis & Drug Development
- To acquire fundamental knowledge necessary to understand the basic principles of different qualitative and quantitative techniques of Pharmaceutical analysis.
- To learn about basics of Electro Analytical Techniques.
- To learn how to improve quality of drug products.

Assessment Procedure

- 1.75% of attendance is must for attending final assessment test.
2. Assessment test will have 20 MCQs .Each MCQ carries 1 mark and total marks are 20.
3. Those who secure more than or equal to 40% marks clears the exam and provide with certificate.

CURRICULUM PLANNED

Name of event: Certificate Programme on Pharmacogenetics

Date: 01/01/2018 to 18/01/2018

Duration: (34hrs)

Objective Planned:

- To describe the basic theory of Pharmacogenetics as it relates to the pharmacy.
- To develop effective, safe medications and doses that is tailored to a person's genetic makeup.
- To learn effect of drug on human genome.

Assessment Procedure

- 1.75% of attendance is must for attending final assessment test.
2. Assessment test will have 20 MCQs .Each MCQ carries 1 mark and total marks are 20.
3. Those who secure more than or equal to 40% marks clears the exam and provide with certificate

CURRICULUM PLANNED

Name of event: Certificate Programme on Drug Discovery & Development

Date: 12/07/2017 to 27/07/2017 (32 hrs.)

Duration: (32hrs)

Objective Planned:

- To learn about research methods which are key to understanding modern drug discovery and development.
- This course will provide students with a fundamental knowledge of drug discovery and development from both a preclinical and clinical perspective.
- This includes approaches to sourcing and developing new drugs, from natural sources through to rational drug design, as well as approaches to testing drug efficacy and safety in both preclinical phases and in clinical trials.

Assessment Procedure

- 1.75% of attendance is must for attending final assessment test.
2. Assessment test will have 20 MCQs .Each MCQ carries 1 mark and total marks are 20.
3. Those who secure more than or equal to 40% marks clears the exam and provide with certificate.
