REPORT ON FIELD WORK

Convener : Dr. Katakam Prakash
Programme Coordinator : Mr Raj Kadam
Place of visit : Government Medical College Nanded

According to World Health Organization (WHO), a hospital is defined as an integral part of social and medical organization, the function of which is to provide for the population a complete healthcare, both preventive and curative. Under this curriculum hospital visits are mandatory to understand the role of Patient Relation Associate and functioning of the hospital. Pharm D year students were taken for a visit to the Civil Hospital, Nanded.

Students were asked to observe the following aspects of their curriculum

- Healthcare setup
- Healthcare services are the services designed to fulfil health-based needs of people / community / population, through various resources available.

OUTCOME OF THE HOSPITAL VISIT:

Students could learn about set up of the hospital in government sector. Various health related protocols were explained and working of the CT scan machine and X-ray was shown along with demo. Ward setup for patients was observed and how the nurses were taking details of the patient was also understood. Students could understand various manpower required in the hospital and their roles and responsibilities at various levels.
